

# Anti-Muslim Violence Spiked Post **Pahalgam** **Terror Attack**

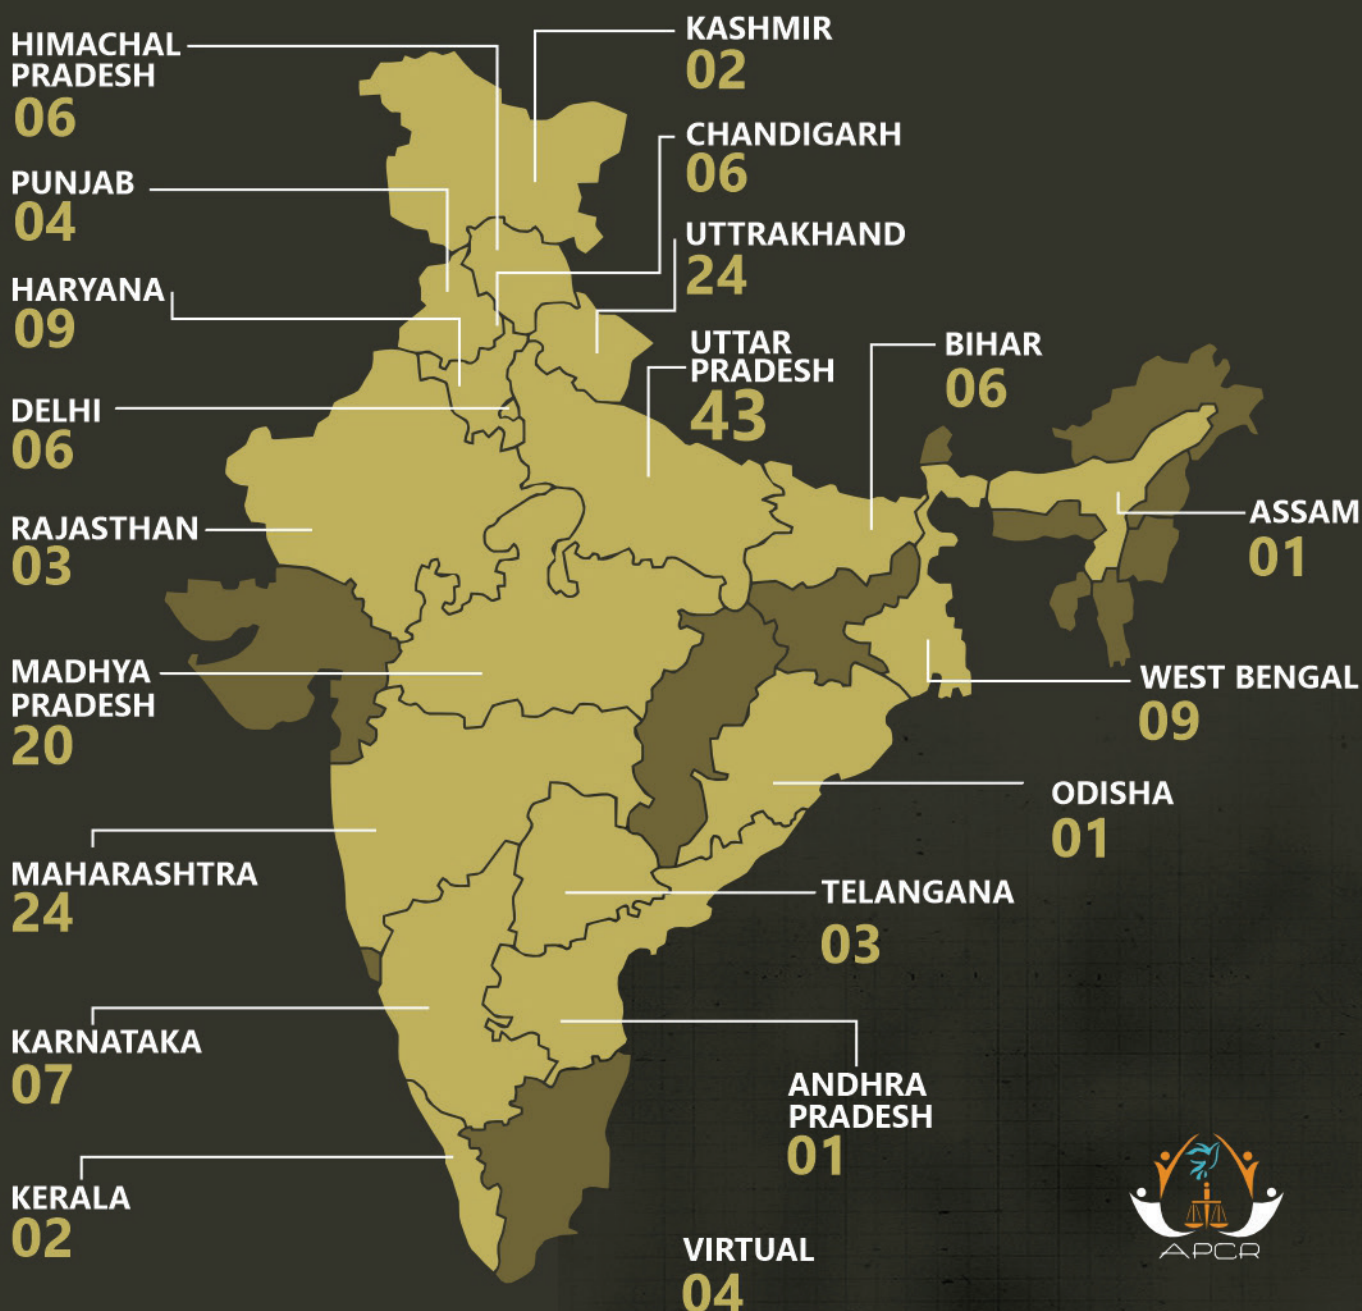

Pahalgam terror attack spiked incidents of hate crime targeted at Muslims. **This is an updated version of the previous report**, with incidents dating from 22 April 2025 to 8 May 2025. To access data about hate crime incidents, kindly scan the QR.

**184 hate crimes were reported across India.** 106 of these were linked to the Pahalgam terror attack, with the latter serving as the triggering factor. A minimum of 316 individuals were affected, physically or otherwise; this figure is an estimate and the actual number is likely higher due to underreporting and lack of documentation. The acts had common patterns that were neither random nor isolated.

The incidents were widespread. Uttar Pradesh bore witness to the highest number of incidents followed by Bihar, Maharashtra, Delhi, and Telangana. Other states like Karnataka, Punjab, Chandigarh, and West Bengal experienced serious cases. The nature of hate crimes indicates a nationally resonant atmosphere of hostility and not, local anomalies.

84 hate speeches. 39 assaults. 19 vandalisms. 3 Murders. These are broad numbers to categorize hate crimes. Most incidents were a mix of different types of hate crimes. Hence, many incidents were categorized and attributed to different hate crimes.
